PARTNERSHIP PROGRAM – NORTH AMERICA

In our home base of North America, we are pursuing a strategy of working through partners who have strong connections to various industrial sectors and geographic zones.

In this regard, we are proud of our partnership with New Resource Associates, who are assisting in pin point marketing of our range of products. Their enterprise has already yielded dividends by expanding our sales circle.

It is through our partnership strategy that we have been able to establish sales channels across Canada, United States and Mexico.
